Level 4 by QA

Oct 2022 - Jan 2023

DEVELOPMENT OF WEB APPLICATIONS

Diploma of Higher Education Ilerna Online

Jan 2020- Jan 2022

ENGLISH, LANGUAGE AND CULTURE

Degree

UNED

Jan 2016- Jan 2020

PROFILE

I am currently searching for a role as a web developer, after two years I completed my BTEC Diploma in IT "Development of Web Applications". I had a six-month apprenticeship where I learnt how to create websites from scratch using mainly CSS, Bootstrap, JavaScript, and React.

I have just finished "Software Developer Level 4" with QA, learning technologies such as Azure, Python and MySQL.

At the same time, I keep building Apps to improve my knowledge of the above-mentioned technologies and learning some new ones.

EXPERIENCE

OXYGEN WORKSPACE

Madrid, Spain

Jan 2022 - Jun 2022

- Creating websites using: HTML, CSS, JavaScript and React.
- Working with Programmers and Web Designers to create a website that matches the visual design intent under the supervision of a CTO.
- Communicating with business colleagues to gather and refine requirements and specifications for content development within agreed-upon timelines. Git, GitHub and Slack were used.
- Agile Scrum Methodology was used.

OJALÁ SPANISH ACADEMY

<https://ojala-spanishacademy.co.uk/>

York, England

Mar 2012 - Present

- Delivered one-to-one and group teachings, maintaining student engagement and enthusiasm through subject passion and effective communication.
- Planned and executed innovative lessons to improve students reading, writing, speaking and understanding skills through different techniques.

SKILLS

HTML5, CSS3 and JavaScript

I had a six-month apprenticeship where I learnt how to create websites from a Figma design using HTML, CSS, and Vanilla JavaScript.

React and Vue

In my apprenticeship I also had the opportunity to work with React and Vue in other projects.

Git and GitHub

Experience working in small groups using these two tools.

PHP and Laravel

During my BTEC Diploma I created some projects.

MySQL and XAMPP

During my BTEC Diploma I created databases and projects.

I also practised MySQL during my bootcamp at QA "Software Developer Level 4".

SOFT SKILLS

Teamwork

Problem-Solving

Communication

Adaptability

Ability to listen

Creativity

EXPERIENCE

HERMES LOGISTIC - ACCIONA - LOGISTIC OPERATIONS MANAGER

Madrid, Spain

Aug 2006 - Jan 2012

- Supervised all facets of routine deliveries by effectively routing loads, managing drivers and meeting DFT requirements.
- Maintained workplace safety by involving employees in order to maximize engagement to team morale.
- Ensure staff followed administrative policies and compliance regulations by closely monitoring daily operations and performing safety audits.

Availability upon request.

HOBBIES AND INTEREST

I like spending time with my family, learning new skills, cooking, traveling and meeting new people.

OTHER INFO

Spanish is my first language, but I am also fluent in English. I have my own car and I am happy to commute and open to new challenges that could involve living in another place. I would need a two-week notice to start in my new position.
